

CALLISTO RGB - LED INGROUND

Powerful LED Inground RGB Uplight

Our Callisto RGB product is a high-powered LED inground RGB colour-change uplight. It is constructed from 316 stainless steel and is certified to IP68 making it perfect for external use in gardens, decks, porches, pathways, fountains, and even internally in areas such as bathroom floors. It features a tempered glass cover with internal diffuser for increased protection, and a waterproof rubber cable.

The Callisto is a larger diameter version of our Leda fitting.
